Lezn I15 Face Version

Smart Door Lock with Built-in Camera & 4.5-Inch Indoor Screen

A smart door lock for wooden and armored doors with face recognition, fingerprint, password, IC Mifare 13.56MHz card and app unlocking, a built-in camera and a 4.5-inch indoor screen to see the visitor, managed from Tuya / Smart Life over 2.4GHz WiFi.

4.5 inch	250	50	4200 mAh
Indoor screen.	User capacity.	Fingerprints.	Battery capacity.

Face ID · Fingerprint · Password · IC Mifare Card · Tuya App · Mechanical Key · Built-in Camera · Indoor Screen

Key Features

Face Recognition Unlock

Face ID opens the door quickly and easily without carrying keys, a practical unlock method for family members in daily use.

Built-in Camera & Indoor Screen

A built-in camera and a 4.5-inch indoor screen show who is outside before opening the door for guests or delivery workers.

Tuya / Smart Life Control

2.4GHz WiFi for remote unlocking from the app, entry activity monitoring and temporary passwords for guests.

Applications

Modern Homes · Wooden & Armored Doors · Family & Guest Access · Guests & Delivery

How It Works

1. See the Visitor

The built-in camera shows who is at the door on the 4.5-inch indoor screen, so you can check before opening.

2. Choose How to Unlock

Face, fingerprint, password, IC Mifare card, app or the mechanical emergency key.

3. Monitor from the App

Track entry and exit activity and create temporary passwords for guests from Tuya / Smart Life.

Aura.eg

Operating Features

User Management

Up to 250 users, including 50 fingerprints, with flexible family and guest access management from the app.

Anti-Tamper Security

Anti-theft and anti-tamper alarm, with entry records logged through the app.

Emergency Power

4200mAh battery, USB 5V emergency power port and a mechanical emergency key.
